

U21 Global Citizenship Workshop

When and Where

The first Global Citizenship workshop will be held at the **University of Nottingham Malaysia Campus** from **13-14 March 2014**.

In addition, on **15 March** the University of Nottingham's Knowledge Without Borders Network will host a half-day event on the theme: *The Offshore/International Campus: Trends, Experiences, and Objectives*.

Workshop Summary

This workshop will explore our current understanding and approach towards promoting Global Citizenship within the student body. It will specifically address the question of how a global university network can develop activities that support partner organisations in enhancing student engagement with an understanding of Global Citizenship.

The workshop will use *Global Citizenship* as its central theme and will focus on the following areas:

1. **Developing definitions of Global Citizenship, in order to better understand the potential of the term**
2. **Agreeing modes and criteria in relation to Global Citizenship, for evaluating the impact of internationalisation and mobility in the 21st century university**
3. **Exploring the integration of Global Citizenship within the contemporary, internationalised curriculum**
4. **Assessing ways in which the U21 network can facilitate positive change in curriculum, student experience and employability within Global Citizenship - (speakers will facilitate discussion on these themes)**

A programme outline and speaker biographies are available to download from the workshop event page:

Eligibility

We encourage attendance from the following groups, particularly where individuals or teams have already engaged with issues relating to Global Citizenship in their own institutions:

- **U21 Students:** Members are invited to nominate **one student per institution**.
- **U21 Professional Services:** Representatives from student experience/student mobility/curriculum development, and careers/employability are strongly urged to attend.
- **U21 Academics:** Academics with strong teaching and learning interest in the integration of Global Citizenship initiatives in existing degree programmes and extra-curricular activities, as well as academics with disciplinary or subject-specific interest in the field are encouraged to attend.
